

This is ridiculous!! My privacy is important to me and I should have the right to it in my own home. I am SICK of being bombarded by advertisements and solicitations be it on the internet or over my own phone. I pay to have a phone in my home for my own benefit - not for the benefit of corporations and businesses. I dont' call telemarketers interrupting their lives to ask them to buy something they don't want! If I want their service I will call THEM! Leave the NoCall list alone and lets us have our privacy!!
